

JUNIPER ISLAND
— GIN —

JUNIPER ISLAND draws inspiration from the resilient juniper that thrives on remote islands and shorelines, shaping gin's defining character. Each gin becomes a symbolic island on this map of discovery, with every bottle acting as a compass guiding the drinker toward new horizons. Rooted in exploration, the brand unites nature, tradition, and craftsmanship into one continuing voyage.

JUNIPER ISLAND London Dry Gin

A true London gin with an island spirit.
JUNIPER ISLAND London Dry Gin pays tribute to the birthplace of gin — the British Isles — drawing inspiration from wild juniper growing across misty highlands and rugged coastal shores. It captures the essence of classic London Dry: crisp, aromatic, and timeless, distilled with select botanicals for a clean, balanced profile led by bright juniper, lifted by citrus, and refined with spice. A spirit shaped by heritage, guided by the sea, and crafted for discovery. Crafted from 4 botanicals: juniper, lemon peel, caraway, ginger.
